- Please only write on your exam script in **Black Ink**. Bring any equipment you will need in a clear bag/pencil case.

## During the exam

- The exam desks will be laid out with student name and number in the corner, so you should be able to find your assigned seat. The desk will have your exam paper and script booklets. If anything is missing from the desk, or you have an exam paper that you were not expecting, raise your hand to attract the attention of an invigilator.
- Please only write on your exam script in **Black Ink**.
- Please ensure that the answers on your script are legible. A mark of zero can be considered by the Programme Examination Board if the script is considered to be illegible.
- Please only write your student number on your exam script. Your name should not be written on the script.

- If you have a question regarding the exam paper please raise your hand and an invigilator will come to you. The invigilator will help you if you have a question about the exam paper.
- Please listen carefully to the invigilator's instructions, they will give you any specific instructions relating to your Examination paper. The invigilator will give you updates on the instructions for the exams before the exam starts. The invigilator will also give you regular updates on how much time you have left to complete the examination.
- Students shall not be allowed to leave the examination hall before 15 minutes have elapsed from the start of the examination or within 15 minutes of its conclusion except in case of illness or other necessity. Senior invigilators may re-admit students who have left the examination hall if they are satisfied that there has been no communication with any unauthorised person.
- If you need to leave the exam due to illness you may return to the exam once within the remaining exam duration if you feel better and wish to do so, but if you need to leave a second time you will not be able to continue the exam. If you are unable to complete an exam due to illness, the College Administration will be able to advise on next steps.
- Invigilators will collect scripts from candidates at their desks, please wait patiently until that process is completed and you are instructed to leave by the invigilator.
