1. Context, Governance and Responsibilities

Union Theological College is a constituent College of the Institute of Theology at Queen's University. As such, all admissions to Queen's University degree programmes are managed by the University's Admissions and Access office. This policy applies to the admission of students to programmes offered by Union Theological College.² It provides information on procedures and related matters together with responsibilities of those involved in the process.

It applies to entry in the academic year 2019-20 and is kept under review and updated to reflect progress in implementing the College's Quality Action Plan.

The Admissions Policy meets the expectation of the UK Quality Code for Higher Education, B2, Recruitment, Selection and Admission to Higher Education.³

The Union College Faculty has overall responsibility for college policy relating to Admissions. A sub-committee (The Admissions Panel) appointed by the Union College Faculty and comprising the Principal, a Head of Department, and administrative staff implements admissions policies and procedures, and reviews the admissions policy and procedures at the end of each admissions cycle. The outcome of this review will be reported to the College Faculty.

The Admissions Panel are made familiar with related internal and external regulations to ensure that they have the appropriate level of expertise and knowledge to carry out their duties to a high standard.

2. Pre-Application Information

Union Theological College aims to provide comprehensive, accurate and user-friendly information and advice to applicants and other stakeholders in the admissions process. This is to enable an informed choice of programme(s) to be made, appropriate to the needs, interests, academic qualifications of applicants and prospective students.

3. The Application Process

Ministry Training in PCI

For those seeking entry into the Ministry Training Pathway for the Presbyterian Church in Ireland, applications forms and associated information are available from the Dean of Ministerial Studies and Development. Formal applications require supporting references from an applicant's Kirk Session and Presbytery.

Students are accepted following successful completion of a placement and a formal interview by the Council for Training in Ministry. Those accepted are normally admitted to the appropriate PTFI pathway for ministerial training. Entry to any particular programme is not automatic for PCI ministry students. The programmes offered are not exclusive to PCI ministry students.

The normal academic requirement for admission to a PTFI award is a degree from a UK Higher Education Provider or an equivalent qualification from outside the UK.

The closing date for applications is printed on the application form.

Online Courses

The application procedure for online programmes is clearly set out on the course website.⁴

The criteria for admissions are clearly explained and international qualification equivalents are provided. English language requirements are outlined and the various ways in which competency may be demonstrated are stated. Applicants are asked to provide a curriculum vitae, a sample of academic work (guidance notes are provided), a letter of intent, two signed letters of reference, and various transcripts and necessary documents. A secure online portal is provided for the collation and uploading of this information.

At various stages in the process potential applicants are given the opportunity to contact the college to discuss the programmes or entry requirements. Students may request written clarification of their questions. In addition, telephone and videoconferencing conversations are available.

The closing date for applications is clearly stated. Applications are considered initially by the Admissions Panel. Final admission decisions are taken by the Union Theological College Faculty. Students are informed promptly of the faculty decision.

7. Selection and Communication of Decisions

Selection Procedures

Admissions decisions with regard to acceptance as students for the ministry of the Presbyterian Church in Ireland are dealt with by the Council for Training in Ministry and are communicated by the Dean of Ministerial Studies and Development in his role as Secretary to the Interviewing Panels.

Admissions decisions with respect to PTFI programmes are made by the Admissions Panel and reported to Union College Faculty. Selectors make their decisions on the basis of the criteria for the individual course of study which may include:

- The applicant's academic qualifications
- Interviews, admissions tests, written work, portfolio submission or relevant personal experience.
- References are used for admission to ministerial training pathways for those who are not students for the ministry of PCI.
- Evidence of an acceptable level of proficiency in the use of the English Language is required from applicants for whom English is not their first language.

The Admissions Panel will aim to make a decision within 15 working days of receipt of a complete application. An application is deemed to be complete when sufficient information has been received in order to make a decision.

The Admissions Panel is responsible for conveying official decisions to the applicant.

8. Applicants with a Disability or Long-Term Condition

The College is committed to ensuring equal opportunities for all its students and actively encourages applications from people with disabilities and long-term conditions. An individual's disability or long-term condition is not considered prior to an application being considered and has no bearing on the decision.

9. Post-Decision Procedures

Significant Changes to Programmes

Significant changes to any of the College's programmes including re-structuring or discontinuation will be communicated to relevant applicants by the College. This will be done at the earliest opportunity.

Feedback

The College will provide feedback to unsuccessful applicants on request. The request for feedback should be made within six weeks of the decision by the College by letter or email. The College will aim to respond to requests for feedback within ten working days of receipt of the request.

10. Appeals and Complaints

The College aims to consider all applicants fairly and in line with the principles outlined in this policy. However, it is recognized that there may be occasions where applicants wish to request an appeal (review of the admissions decision) or make a complaint about the handling of their application or enquiry.

First Stage: informal resolution

Enquiries about admissions decisions should normally be made by the applicant in question. A written response will be made to every written enquiry normally within ten working days and this written response will mark the completion of the informal stage.

Second Stage: Formal Letter to Principal

An applicant who is dissatisfied with the written explanation should put his/her concerns in writing to the Principal within ten working days of the date of the College's written response to the informal request. The letter should set out the grounds for dissatisfaction with the response and include any previous correspondence.

The Principal shall undertake such further enquiries as deemed necessary before providing a written response normally within 15 working days of receipt of the complaint.

Third Stage: Appeal

Any applicant still dissatisfied after the second stage may appeal to the Management Committee within 10 working days of receiving the Principal's decision. A Review Panel shall then be convened to meet normally within 15 working days of receipt of the appeal letter. However, there is no appeal against an admissions decision which, in the judgment of the Management Committee, results from the correct and impartial application of written criteria.

Where a review panel is deemed necessary, the Panel shall normally include the Faculty and Student representatives on the Management Committee. Panel members shall not have had any previous involvement in the case. The appellant shall have the right to appear before the Panel accompanied by a friend. No legal representation shall be permitted at any stage during the procedure.

The Panel may seek written evidence from any witness or person who in the Panel's judgment may have relevant information to contribute. However neither the appellant nor any witness shall be required to appear in front of the Panel if they do not wish to appear.

The Panel's findings and recommendations shall be communicated to the appellant within 10 working days of the panel's meeting. All parties to a complaint are expected to maintain strict confidentiality both during and after any enquiry/appeal/complaint.
